Customer committee and competition rules

- All the participants of the Customer Committee (eSett representatives, members, deputies, other invitees) must obey valid European and Finnish competition legislation
- The participants should pay attention especially to prohibited restraints on competition between the companies (Competition Act 948/2011, Section 5):
Agreements, decisions or practices, which
 - directly or indirectly fix purchase or selling prices or any other trading conditions;
 - limit or control production, markets, technical development, or investment;
 - share markets or sources of supply;
 - apply dissimilar conditions to equivalent transactions with other trading parties, thereby placing them at a competitive disadvantage; or
 - make the conclusion of a contract subject to acceptance by the other party of supplementary obligations which, by their nature or according to commercial usage, have no connection with the subject of such a contract
- As an organizer of the Customer Committee meetings, eSett needs to make sure that function of the Committee is compliant with the legislation
